On February 7, 2023, officers responded to 3354 Cobb Parkway, the business of Kohl's in reference to a theft in progress. As officers arrived, they were met with Kohl's Loss Prevention Associates and directed to an office. Officers observed the suspects through a live surveillance camera in the perfume aisle placing perfume bottles into a shopping cart. Officers observed one suspect enter a changing room and after an extended period, the suspect exited the changing room with a bag without any visible merchandise. The changing rooms were inspected, and no merchandise was located. Both suspects approached the exit and once a presence of police vehicles was observed, the suspects abandoned the cart and a bag, and ran towards their vehicle. Officers were able to detain the suspects.

After further investigation, it was discovered that the bag was used to conceal numerous perfume bottles valued at \$2,875.00. Officers also located other suspected stolen items in the suspect's vehicle after the arrest.

The suspects were both charged with O.C.G.A. 16-8-14, Felony Shoplifting.
